

In cooperation with our strategic manufacturing partner, we offer high quality and CEC compliance linear adaptors. We provide strong technical support and custom solutions to customers. Our standard product platform covers EI28 to EI66 with safety approvals for most countries.

1. CEC compliance linear adapters for UL 120V AC / 60Hz.
2. Output voltage: 0-30V.
3. Maximum output current: 1A.
4. Certificates: subject to meet UL safety regulation & CEC.
5. Ambient temperature: -10 ~ 60 degree C.
6. Full tested for hi-pot, insulations, pulling strength, flexibility, vibration, drop, high / low temperature and humidity.
7. Tested for MTBF reliability and various environmental conditions.
